Sample MedIntelliBase MarketTrack

You get current clinical trial and clinical registry information and updates, emerging technology and product intelligence, indexed by company and cross-referenced

The screenshot displays the MedIntelliBase MarketTracks interface. It shows a search results page for the product 'Resolute Carotid Stent System'. The interface is divided into several sections:

- Search Results:** A search bar at the top with filters for 'Product Name', 'Company', and 'Clinical Trial'. A green box highlights the search criteria: "Search by product, trial or company for a ...".
- Product Summary:** A section titled 'Product Name: Resolute Carotid Stent System (Carotid Artery Therapeutic and Stroke Prevention)'. It includes a 'Company' field (Boston Scientific Corporation), 'Sponsorship Company', 'Sponsorship Type', 'Sponsorship Status', and 'Sponsorship Status - Clinical'. A green box highlights this section: "...product summary".
- Clinical Trial Summary:** A section titled 'Clinical Trial: CABENET - Carotid Artery Revascularization Using the Boston Scientific EPI FibreWire CE and the Enduro WxStent? (Carotid Artery Therapeutic and Stroke Prevention)'. It includes a 'Trial Design' field (Total Primary Endpoints P1) and a 'Results' table. A green box highlights this section: "...or trial summary".

The 'Results' table shows the following data:

Event	Events	CI (%)	CI (%)	CI (%)	CI (%)
Stroke	10	10	10	10	10
MI	10	10	10	10	10
Death	10	10	10	10	10
Stroke or MI	10	10	10	10	10
Stroke or MI or Death	10	10	10	10	10
